

Purifying the Heart

The heavens cannot contain me, but the heart of my faithful servant can. Hadith Qudsi

Easter Weekend, Sat 20th & Sun 21st April 2019 10am-5pm

with Wali and Ariënne from Europe

at Miroma Steiner Centre Hall, 8 Village High Road, Vaucluse, NSW

In the depths of our heart, we can find our inner guidance and our relationship with the Divine. This can help us to find our creativity and direction in life.

Wali and Ariënne are renowned international senior mentors, who for two decades have traveled Europe with outreach into the US, Australia and New Zealand. Dutch by birth, they moved to Germany to establish Khankah Samark, a spiritual center for deepening the legacy of Hazrat Inayat Khan and Murshid SAM through the Dances of Universal Peace.

Wali is an accomplished musician on the 12-string guitar, a storyteller and a writer and translator of Sufi poetry. Ariënne has an uncanny way of leading and teaching the dances from the body and at times completes the music with the gentle tones of her alto-recorder. Their harmonies have to be heard to be believed! They released three successful studio recorded CD's and published a number of booklets, written especially for travelers on the path of dances and spirituality.

In their style of leading, they combine strength with beauty, depth with lightness, joy with energy, clarity & focus with ease. Their co-teaching allows for interweaving of masculine and feminine energies.

This weekend is an excellent opportunity to experience their unique and 'European' style of dance leading and learn dances like the Kadosh Dance, the Nayaz Dance, The Sunshine Zikr, the Rebounding Zikr and many more directly from the source.
